Dear Major Connair:

In reply to your inquiry of 12 March 1954, I regret to inform you that the consumption estimates which you requested (cited in CIA/RR PR-34) were from unpublished research data and therefore are not available at this time.

Approximately 1 July 1954, this Office is scheduled to release a report providing the latest information on the consumption of petroleum products in the USSR. This report, when published, will be sent to you via regular Air Force channels.

25X1A Sincerely,

[REDACTED]

Otto E. Guthe
Assistant Director
